

Defender® Thistle® Gutter Spikes

Product Code: BIRD0086
EAN: 5060298013392

Suitable for: Starlings, Sparrows, Small Garden Birds, Pigeons and Seagulls

Gutter Protection:

Any standard half round or square guttering. Call us if your guttering has a lip and we can advise if it will fit.

Made from:

UV Stabilised Polycarbonate base, temperature resistance with no loss of mechanical strength from -20°C to 130°C.

Pins Per Strip:

Once installed with the clips on to the guttering, the pins sit at a height of 62 mm. It is virtually invisible from the ground. Each strip has 80 pins that fan out at 8 different angles.

Rows:

An impenetrable pattern of 8 rows of pins fanning out at 8 different angles.

Snappable Sections:

Every strip comes with 3 clips pre-attached for easy fixing to the gutter. Along the base there are 4 grooves where the spike can be snapped in to 5 smaller pieces that are 65 mm long. Snap a smaller section off to finish a row.

Installation:

The clips are placed on the outside edge of the guttering, and can be pushed on by hand. This positions the bird spikes in the centre, keeping birds out of gutters. The gutter clips have a secure tight fit so there is no need for extra tools or adhesive to fix the gutter spikes in place.

Warranty:

These spikes come with a 15 Year Warranty when installed in the UK. Terms and Conditions apply - see website.

Disclaimer: It is always the responsibility of the user to install as per the manufacturer's installation guide - see website.
